Re: Library System Offline Due to Scheduled Migration Upgrade

Date: March 2, 2021

Please be informed that there will be a scheduled migration upgrade of the TLC Library System on March 15-31, 2021. The upgrade will activate new functions and enhance several features necessary for seamless library operations and services, especially at this time of online learning. During the upgrade, the library system will be fully OFFLINE; hence, services such as OPAC browsing, borrowing, returning, renewal, e-reserve, clearance signing, and other tasks that require logging in to the system will be temporarily halted.

In this light, we are requesting all patrons from across all units, Grade School, Junior High School, Senior High School, and the Tertiary, to schedule important library transactions before the said dates. We aim to accomplish the migration upgrade to provide a more reliable, convenient, and efficient service to our clients. When the migration upgrade is completed, library services will be restored to the usual operations. Kindly bear with us.

Thank you for your understanding. Please be guided.
