

## Remote Library Single Sign On (SSO): How to login using your AdDU Google Account?

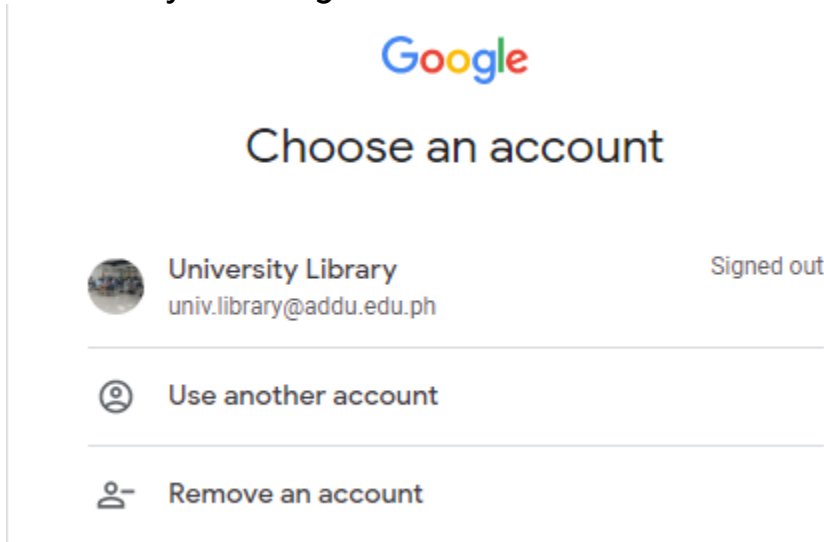

You can now utilize your AdDU Google account as a Remote Library Single-Sign-On. This way you only need to remember your Google credentials.

Log in to Remote Library at <https://remotelibrary.addu.edu.ph> and click the "Login with ADDU Google Account" button.

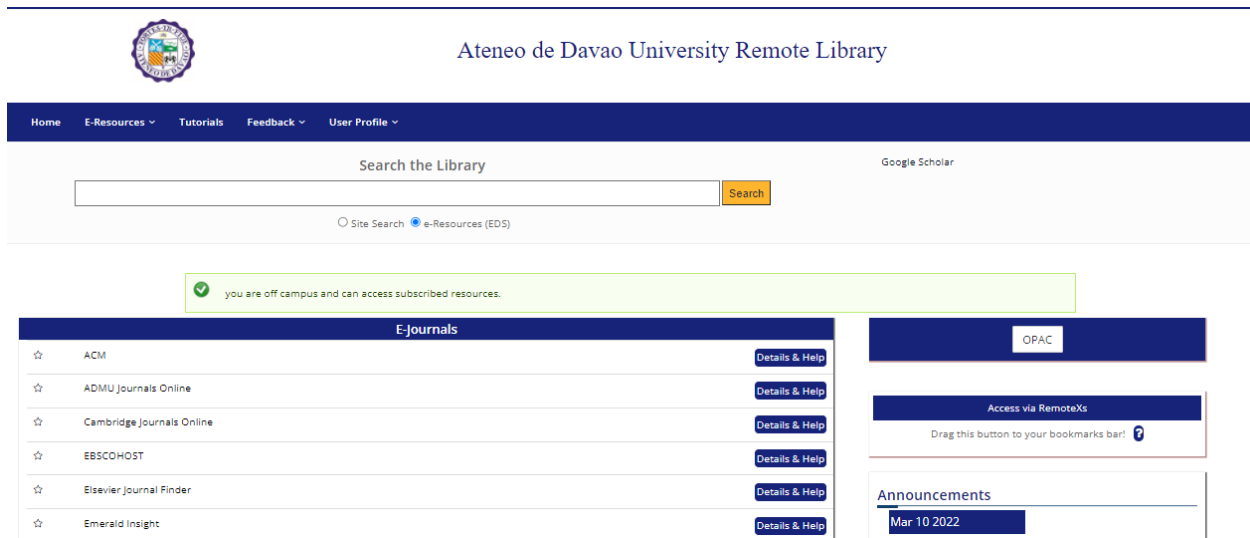

## Ateneo de Davao University Remote Library

In case you are not already logged in to your Google account, you need to log in now. Your browser will redirect you to a Google login page. Select your account or enter your Google credentials. Remote Library will not have access to your Google Password.

**Congratulations.** With a Google single sign-on, you're now logged in to Remote Library.

If you previously used a non-AdDU Google account (ex. @satmi.org) to access Remote Library, you can still do so by clicking the "Guest Login" button.

If the email address you use is not yet registered in Remote Library, you will be asked to create a new Remote Library account by clicking the "Guest Login" button then select the "Create new account" link.

Ateneo de Davao University Remote Library

Enter your email address, first name and last name. A new account is created. However, remote library administrator needs to authorize this account before it can be used to access Remote Library. Once your credentials are approved, you will receive a welcome email with login details.
